Defining long-term care and caregiving

help with activities of daily living like bathing, eating & dressing

not medical care

like doctor visits & treatment for medical conditions

paid care from a **professional**

help from a family member or friend, often unpaid

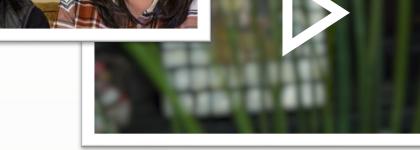

services & supports provided in your own home

care provided in a residential setting like a nursing home or assisted living

We all have care stories in our families

Sun-Hee and Yunhee

Sun-Hee and Yunhee are sisters and nurses living in the Puget Sound area and caring for their mom, who is experiencing cognitive decline.

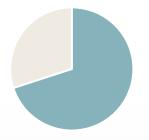

Both sisters have stepped away from their careers to spend more time caring for their mom. They cook her Korean food and help her take her medication, grocery shop, clean her apartment, and keep a daily routine.

"

There's nothing I wouldn't do for her. She was there for us when we were growing up. She sacrificed for us, and I want to do that for her.

Long-term care is predictable and expensive

70% of us

AMONG WORKING CAREGIVERS¹⁰

We all pay the high costs of long-term care

Washington's budget for long-term care (23-25 biennium)¹²

Without WA Cares, longterm care costs – which we all pay through taxes on goods and services – would have **doubled in roughly two decades**¹¹

Taking WA Cares benefits out of state

- New law passed this year to allow workers to use their benefit outside Washington
- **Starting in July 2026**, workers can choose to continue participating in WA Cares if they move out of state
- Must have contributed to WA Cares for at least 3 years (working 500+ hours per year) and must opt in within a year of leaving WA
- Like other workers, out-of-state participants keep contributing during working years
- Benefits available starting July 2030

Cross agency responsibilities

- Process applications
- Perform care needs assessments & determine eligibility
- Manage providers
- Collect premiums and wage reports
- Determine vesting status
- Process exemptions
- Process requests from self-employed individuals opting in

- Pay providers
- Track benefit usage
- Provide actuarial analysis to assess ongoing Trust Fund solvency
